This page is titled 'Useful Narrative Therapy Questions' and provides a list of questions for therapists to use with clients. The questions include:
 

- How long have you been noticing this problem?
- What effect does the problem have on your life?
- How does the problem impact your energy for daily tasks?
- Does the problem have an impact on your relationship with other family members?
- What effects does the problem have on your child's life?
- What do you think about the effects the problem is having on your life?
- Are you accepting what the problem is doing?
- Are these effects acceptable to you or not?
- Why is this? Why are you taking this position on what the problem is doing?
- How would you prefer things to be?
- If you were to stay connected to what you just said about what you prefer, what next steps could you take?

 A small diagram at the top shows a person with a thought bubble, representing the narrative therapy process.
